Dear Mr Campbell,

My name is Richard Simpkin and for the past seven years I have been working on a project titled Australian Legends.

To date I have met & photographed legends such as, Sir Donald Bradman, Dame Joan Sutherland, Nancy Bird Walton, Margaret Olley, Sir Roden Cutler, R. M. Williams & Smoky Dawson to name just a few.

I had the unique pleasure of meeting some truly amazing people to take their portrait & in many cases interview them.

I believe that you are an Australian Legend & a must for my collection.

Having spent time in Gallipoli as a sixteen year old is a remarkable story & one which I believe all Australians should know about, especially the school children.

With time permitting I would like to meet you and take your photo & interview you about your incredible life.

I will be in Tasmania next month & I truly hope that you will allow me to meet you for my Australian Legends project which I plan on turning into a book in the near future.

I trust all is well and I look forward to your reply.

Kindly yours,

A handwritten signature in black ink, appearing to read 'Richard Simpkin', written in a cursive style.
